

## PERMANENT RESIDENT DATA UPDATE

BU students who have become U.S. Permanent Residents (“green card” holders) need to report that information to the University so that student computer records can be updated. This form has been prepared for that purpose. In addition, you must provide a clear photocopy of the document that verifies your permanent residency status (stamp in passport or Permanent Resident Registration Card). The form and copy of proof of permanent residency should then be scanned, faxed, mailed or presented in person to the Office of International Student and Scholar Services, N.A. Rockefeller Center Room G-1. Thank you.
