WORLD CLASS

Binghamton University, State University of New York (SUNY), has built a reputation as a world-class institution, renowned as one of the top public research universities in the U.S. for its academic excellence, value and student successes. Binghamton is one of four university centers in the SUNY system. A mid-sized institution, Binghamton combines a broadly interdisciplinary education with one of the most vibrant research programs in the nation. With more than 3,400 international students from 122 different countries, the campus is rich with different cultures and perspectives. Binghamton has won eight U.S. national awards for internationalizing the campus and its coursework.
#1 best public college in New York and #18 in the nation. Some of the reasons include student retention, graduation rate, diversity and local community.

— American City Business Journal, 2015
Harpur College of Arts and Sciences, our liberal arts college, is Binghamton’s oldest and largest school. The intellectual tools and abilities that Harpur students acquire allow for an understanding of the world and the skills needed for success in graduate and professional school, a rewarding career and meaningful social involvement. Popular majors include economics, biology, psychology, integrative neuroscience, environmental studies and English.

The College of Community and Public Affairs meets the needs of students who want to make a positive impact in the world. All undergraduate students enrolled in CCPA major in Human Development. This program focuses on solving problems for individuals, the family system, communities and society at large. Its graduates have gone on to be teachers, counselors, attorneys, social workers, high-ranking government officials and business leaders.

The Decker School of Nursing has an enviable reputation among nursing programs in New York, the nation and other countries. It prides itself on both the quality and the quantity of its clinical practice experiences that are seen as the foundation for graduates’ success in professional practice. Graduates assume leadership roles in practice, education and administration throughout the nation.

The School of Pharmacy and Pharmaceutical Science offers the doctor of pharmacy degree (PharmD). While this is not an undergraduate program, you can earn a bachelor’s degree in biology or chemistry and a Pharm D graduate degree in just seven years with one of our pathway programs. Added bonus: The median annual wage and salary of pharmacists in May 2014 was $120,950 (Bureau of Labor Statistics). Note: As of July 2017, the program is still awaiting approval from Homeland Security to be able to issue I-20’s.

The School of Management is ranked the #14 best college for earning a business degree (Fortune, 2015). Elite companies recognize that, and hire our students. Recruiters from companies such as the Big Four accounting firms, BNP Paribas, Citigroup, Digitas, Goldman Sachs, IBM, Morgan Stanley, Societe Generale, Protiviti and Publicis Media actively seek our students. Seventy-six percent of undergraduates seeking employment had full-time professional job offers within 90 days of graduation.

Thomas J. Watson School of Engineering and Applied Science students analyze and design while learning about the global challenges of tomorrow’s world. Watson offers a fast-track program that allows students to complete BS and MBA degrees within five years. Elite employers such as IBM, Texas Instruments, the Mayo Clinic and Virtua Health consistently praise Watson programs for producing graduates with impressive skills and leadership qualities.
LEARN FROM THE BEST

We place a strong focus on faculty-student interaction. Our faculty are experts renowned in their fields, but they are also dedicated teachers. Students go beyond classroom learning and make real contributions through scholarly and research endeavors. Many faculty members provide opportunities for undergraduates to engage in their research projects.

Sang Won Yoon and Sarah Lam are using 500 million tweets to develop an algorithm that can predict an individual’s behavior.

Linda Spear’s work focuses on the consequences of alcohol exposure and/or stressors during adolescence on later neurobehavioral function, with a focus on social anxiety and later alcohol and drug use.

Seokheun Choi created an origami battery that generates power from microbial respiration, delivering enough energy to run a biosensor with nothing more than a drop of bacteria-containing liquid.

David Davies studies how people who consistently experience high levels of stress may be stimulating bacteria that can cause heart attacks and strokes.

Lubna Chaudhry conducts fieldwork to understand the impact of armed conflict on children and youth in Swat Valley, Pakistan.

Isaac Vaghefi studied the smartphone habits of students, and says it’s important to monitor usage to prevent us becoming too reliant, which can lead to addiction.

Linda Spear’s work focuses on the consequences of alcohol exposure and/or stressors during adolescence on later neurobehavioral function, with a focus on social anxiety and later alcohol and drug use.
CHALLENGE YOURSELF

Participating in honors courses or programs provides outstanding preparation for careers and graduate school.

Binghamton University offers honors in nearly every major and a host of honor societies. We also have several exclusive honors programs that are by invite only.

FRESHMAN RESEARCH IMMERSION PROGRAM
Binghamton’s Freshman Research Immersion (FRI) program is one of only four in the U.S!

FRI offers academically talented, first-year students to start building a lifelong career in the sciences.

For three semesters, students in FRI work alongside faculty who are tackling big-world issues — from developing clean energy to understanding climate change, to preventing Parkinson’s disease. In the process, students build enriching professional relationships and set their course for college and career success.

UNIVERSITY SCHOLARS PROGRAM
A small number of incoming freshmen are invited each year to join the Binghamton University Scholars Program, which provides exceptional students with opportunities to be mentored by top-level administrators and faculty, showcase their work locally and nationally, and enjoy unique access to graduate assistantships and specialized internships.

PRICEWATERHOUSECOOPERS SCHOLARS
PwC Scholars is the honors program in Binghamton’s business school and provides students with unparalleled leadership and networking experiences that prepare students to enter the business world as distinguished professionals.

A favorite is the annual international travel experience where Scholars go abroad for 10 days to learn about a country’s culture and business environment. Past trips have included Germany, South Africa, Italy and Japan.

SUMMER SCHOLARS AND ARTISTS FELLOWSHIPS
This program offers financial awards to students conducting special research, scholarship or creative activities during the summer. With guidance from faculty mentors, students have pursued topics such as integrative neuroscience and music, anxiety disorders and Parkinson’s disease.

Yingjiao Shen
TRIPLE MAJOR: ARABIC, FRENCH AND COMPARATIVE LITERATURE | SHANGHAI, CHINA

“I moved from Shanghai, China, to the U.S. when I was 16. I am triple majoring in Arabic, French and comparative literature with a minor in global studies.

“I have met some of the most amazing people here. My professors are my academic as well as life mentors. Binghamton has helped me build my academic and professional skills and even explore the world. (I studied abroad in Morocco for six months!) These wonderful experiences have helped me to find my true passion: international relations. I look forward to exploring the world with my Binghamton spirit!”

Yingjiao Shen
TRIPLE MAJOR: ARABIC, FRENCH AND COMPARATIVE LITERATURE | SHANGHAI, CHINA
Where do Binghamton graduates go for advanced degrees?

Approximately 36 percent of Binghamton University graduates go on to graduate or professional schools including: Binghamton University, New York University, Carnegie Mellon, Columbia, Cornell, Georgetown, Harvard, Stanford and Yale.

Recruiters actively seek out Binghamton graduates. More than 1,800 employers recruit our students every year, including Microsoft, Google, IBM, Goldman Sachs, Morgan Stanley, Ernst & Young, PwC, KPMG and Deloitte. Graduates can be found working at Tata and Baidu.

The Fleishman Center for Career and Professional Development

The Fleishman Center staff can help you find opportunities to gain experience, learn more about careers and bolster your employability through:

›› Career advising
›› Career/alumni networking
›› Job/internship fairs
›› Job/internship searches
›› Résumé/CV workshops
›› Interview preparation
›› International student employment assistance

50+ Accelerated Bachelor's/Master's Degree Programs

Earning a master's degree typically takes two years. But high-achieving students can earn both a bachelor's and master's degree in just five years, saving a full year of tuition.

You'll find accelerated programs in areas including:

›› MS in Accounting or MBA
›› MS in Engineering, Computer Science or Systems Science
›› Master of Arts in Teaching (MAT)
›› MA or MS in Arts and Sciences
›› Master of Public Administration (MPA)
ACLAN OKUR ’06 serves as an expert consultant with the Boston Consulting Group based in Germany. He previously worked as the lead consultant for Siemens in Germany. While a student at Binghamton, Okur co-founded the Turkish Culture Association and was vice president of the American Society of Mechanical Engineers.

FAISAL I. FAROOQUI ’99 is the founder and CEO of MouthShut.com, a user-generated consumer review and feedback service. He has been featured in various media including Fortune, Entrepreneur, Economic Times, CNN, BBC, CNBC and The Times of India.

SYLVIA WONG ’82 is the chief trust and compliance officer for IBM Corporation in New York. Previously, she was the vice president and general counsel of IBM’s Growth Markets Unit in Shanghai, where she was responsible for the legal affairs of IBM’s business operations in the emerging markets.

OUTSTANDING ALUMNI

THERE ARE MORE THAN 127,000 BINGHAMTON ALUMNI WORLDWIDE TO HELP YOU START YOUR CAREER

› One in three are admitted to graduate school (Class of 2016).
› Class of 2016 graduates’ average starting salary was $58,709 (the national average is $50,359) — National Association of Colleges and Employers, 2016
› Binghamton has more than 30 doctoral programs and awards more than 100 doctorates every year.
› 83% of Binghamton grads who apply to law school are accepted compared with 76% nationally.
› Graduates are accepted into medical school at rates above the U.S. average.

U.S. Representative Hakeem Jeffries ’92

OUTSTANDING ALUMNI
With more than 300 student clubs and organizations, including a variety of international student associations, Binghamton University is a vibrant, engaging campus. International undergraduate students are required to live on campus their first year. Living in a residence hall is an excellent way to make connections between living and learning experiences, make lasting friendships with U.S. and other international students, and live within walking distance of classes and our many dining halls.

After the first year, undergraduate students can live off campus in the Binghamton city area. The affordability and availability of off-campus housing, coupled with free bus service, make it easy to find housing in the surrounding area.

**SAFETY**
- All residence hall doors are locked 24 hours a day
- B-Alert emergency messaging system
- Outdoor blue-light emergency phones
- On-campus escorts
- University Police are a fully empowered state law enforcement agency

**HEALTHY CAMPUS**
- Binghamton is a tobacco-free campus! One of our priorities is to be a healthy campus that fosters health and wellness.

INTERNATIONAL STUDENT SUPPORT

BINGHAMTON’S OFFICE OF INTERNATIONAL STUDENT AND SCHOLAR SERVICES (ISSS) staff connects international students and helps them make a comfortable transition to the University. Staff members also provide continuous immigration guidance and support services throughout the duration of an international student’s program. Learn more at binghamton.edu/iss.

THE ENGLISH LANGUAGE INSTITUTE (ELI) assists international students with academics and adjusting to college life. Credit-bearing academic English classes in speaking and listening, reading and writing and pronunciation are geared to the advanced English language learner.

INCLUSIVE COMMUNITY

Binghamton strives to be a genuinely inclusive community, one where those with differing backgrounds and allegiances feel valued and can learn from one another.

THE LGBTQ CENTER provides an array of resources, educational opportunities and social justice initiatives designed to foster a campus environment that is inclusive and supportive of all sexual orientations, gender identities and gender expressions.

THE MULTICULTURAL RESOURCE CENTER (MRC) furthers Binghamton’s mission of inclusiveness through workshops, programs and services to represent underrepresented groups.

THE SERVICES FOR STUDENTS WITH DISABILITIES OFFICE is dedicated to ensuring that everyone has equal access to all academic and extracurricular programming, regardless of disability.

Ranked in the top 100 safest college campuses in America.

18th best college town in America for student life, culture, economic health and opportunity

— The American Institute for Economic Research, 2015
LIFE IN GREATER BINGHAMTON

Binghamton is the birthplace of IBM and Link Simulators. The industry clusters of the Southern Tier (the upstate region of New York where Binghamton is located) include defense, distribution, insurance, healthcare, agriculture and manufacturing.

Downtown Binghamton is located a short ride from campus. Two convenient bus systems take Binghamton students to shopping malls, grocery stores, movies and more at no cost! Students enjoy going downtown to cafés, dance clubs and galleries, and to cheer on the city's professional baseball and hockey teams.

Binghamton is a safe, friendly and affordable community that is easily accessible by bus, car and plane, and is close to many cities including a three-hour drive to New York City. Each year, hundreds of student participate in “Binghamton in the City,” a full week of networking events hosted by Binghamton.

Anahita Bahrami
BIOLOGICAL SCIENCES | COLOGNE, GERMANY

“I have never seen a more beautiful fall season than at Binghamton!

“There are so many things I like about Binghamton. I came here because it was affordable and because I fell in love with the campus. The students are welcoming, the professors really want you to do well, and the career center will help you with your resume and to look for jobs before you graduate.

“I’m a teaching assistant for anatomy and physiology and am also involved in the Student Ambassador Club. There’s plenty to do on campus, but the bus system (which is free!) makes it easy to get around when you want to explore the city of Binghamton.”
TAKE THE NEXT STEP

Admission to Binghamton University is highly selective and is based on the quality of each applicant’s secondary school or college academic record, standardized test scores, extracurricular activities, leadership experience, essay and letter of recommendation. We take a holistic approach, seeking a complete picture of the applicant. Binghamton values strength of curriculum, e.g., IB, AP and A-level.

STEPS TO APPLY
1. The Common Application
2. Official high school transcript, the most recent three years (with English translation)
3. SAT or ACT (strongly recommended for all students; required for students attending schools in which English is the medium of instruction)
4. Proof of English proficiency for non-native English speaker (see chart on next page)

EXCELLENCE, VALUE, INNOVATION

We are a great value—whether you’re talking about cost of tuition, return on investment, graduating with low debt or the success of our alumni.

As a public institution, Binghamton provides students with a rigorous education and the ability to graduate with less debt than the national average, allowing them to more easily begin a career or attend graduate school after earning their bachelor’s degrees.

Binghamton offers an elite education, and — because it’s public — at a fraction of the cost of U.S. private schools.

FAST FACTS

#6 most affordable university for international students.

Advisory HQ, 2017

› 91.7% of freshmen return for their sophomore year (U.S. national average is 73.3%)
› Student-to-faculty ratio: 20:1
› Nearly 93% of faculty hold the highest degree offered in their field, and the faculty includes numerous Fulbright and Guggenheim scholars.
› 40% of classes have fewer than 19 students; 46% of classes have 20–49 students
› 4 libraries, including a science library, rare and special collections, 2.5 million books and 93,414 journals
› 90% of students bring in advanced credits

#15 best-value school in America.
