Requirements for the Biology Minor

Biological Sciences Minor [For students entering Harpur College before Fall 2004]

Introductory Biology sequence  
Two courses (8 credits)  
Biol 117 and 118 or equivalent

Biology electives (200-level or above)  
16 credits Biol numbered 200 and above where  
Two courses must have a lab/field component  
AND  
Two courses must be numbered 300 and above

Although only Biology courses are specified, there are a number of courses that require the year of Organic Chemistry.

Biol 491 (Practicum in College Teaching) does NOT count toward the minor.

A minimum of three courses (12 credits) in the biological sciences must be taken in Harpur College in order to qualify for the biology minor.

Biological Sciences Minor  [for students entering Harpur College Fall 2004 and later]

Biol 117 AND Biol 118  
Biol 301 OR Biol 311  
Biol 351, Biol 378 or Biol 355/373  
Eight additional credits in Biol at 300-400 level, but not Biol 490 or Biol 491

All courses taken to satisfy the minor must be taken for a letter grade unless mandated P/F by the instructor.

A minimum of three courses (12 credits) in the biological sciences must be taken in Harpur College in order to qualify for the biology minor.

At least four of the courses in the student's minor program must be in addition to those counted toward fulfillment of the requirements for the student's major (and for the other minor if the student pursues two). Biochemistry and Psychobiology majors may not pursue the Biology
