MESSAGE FROM THE UNIVERSITY PRESIDENT

Graduates, parents and special guests: Commencement is always the highlight of the academic year, for the students we are honoring, especially, but also for the faculty and staff who have helped our students achieve so much. Our graduates now look to the next stage in their lives, with new careers and new relationships ahead. All of us at the University are confident that their experiences at Binghamton will allow them to attain their full potential.

Today’s ceremony celebrates their achievements as students, scholars and engaged citizens, and marks the turning point where our graduates begin to apply their talents “in the real world.” Regardless of their future paths, they leave Binghamton with a strong foundation for success. They will succeed because they already have gained the experiences and knowledge that their careers will demand of them. Ours is a campus where students learn by doing, and these graduates have already proven themselves — winning prestigious fellowships and grants; publishing papers that have gained acclaim from scientists and scholars; and bettering their communities through hands-on internships and practicums.

Outside the classroom, they have embraced their responsibilities as active members of the community. They’ve raised funds to combat deadly disease, provided food for the hungry, taught younger students in local schools, and traveled across the globe to work with and learn from their international peers. At Binghamton they have created a supportive and compassionate community that allows everyone to thrive. Their actions and achievements set a high bar for the classes that will follow, and we are privileged to have had them as members of our University community.

Our graduates have learned the practical, technical and professional skills that will enable success throughout their careers. But most important, Binghamton University has provided the foundation in the liberal arts and participation in a diverse and international student body that gives all of our students the broad understanding and open perspectives they need to address the challenges of the coming decades.

While our focus is on our students, we also understand that Commencement is a shared celebration, bringing together students and their faculty guides and mentors one last time. Also sharing in the excitement and joy of the occasion are the graduates’ many friends and family members. We applaud them for their constant support for our graduates’ hopes and aspirations. I hope that everyone here today will find special meaning in these ceremonies. Thank you for all you have done for our students.

It has been a pleasure to witness the achievements of the Class of 2019. Graduates, thank you for choosing the State University of New York at Binghamton. I am pleased and proud to celebrate with you today, certain that you are well prepared for the future and that your accomplishments will be significant. And as you advance through your careers and your lives, I hope that you will remain connected with Binghamton and share with us your achievements.

Sincerely,

Harvey G. Stenger
President
Can you believe it? Graduation is finally here! It may feel like just yesterday that you attended your first day of classes at Binghamton and got lost trying to learn your way around campus. As you get ready to move on to wherever life takes you, it might seem as if you’re saying “goodbye” to Binghamton for good. Far from it!

When you graduate, you automatically become a member of the Alumni Association. This is a powerful network of more than 137,000 people spread around the world. And it’s a resource you can tap into for your entire lifetime. Moving to a new city? Reach out to Binghamton alumni. Looking to change jobs or careers? Reach out to Binghamton alumni. Networking is one of the most important skills you can develop, and it can pay off immensely.

We have many ways you can stay connected to the University and other alumni. Once today’s celebrations are done and you have some down time, check out our pages on Facebook, Twitter and Instagram, and be sure to join the Alumni Association’s LinkedIn group. Keep your personal information up to date in the online alumni directory so you’re always in the loop about alumni events in your area. All of these are available through binghamton.edu/alumni.

This summer, we’ll have special events in Metro New York and other regions to welcome you, the Class of 2019, to the Alumni Association. An email invitation with all the details will come to you soon. Don’t forget to come back Sept. 20–22 for Homecoming. When you’re on campus, make the Alumni Center the first place you visit.

Congratulations on all you’ve accomplished at Binghamton University! I’m excited for you beyond words, and hope you’ll stay connected with us. Wherever you go, Binghamton is always a part of you, and you’re always a part of Binghamton.

Kimberly P. Faber
Executive Director of Alumni Engagement
Svetlana Iyer ‘01, MSED ‘03

Svetlana Iyer is a Board Certified Behavior Analyst and a certified special education teacher in New York. She earned her bachelor’s degree in psychology and her master’s degree in elementary and special education from Binghamton University in 2001 and 2003, respectively. She has worked in the field of education for 15+ years and believes that every child has potential to move beyond his/her current functioning levels if we use the right instructional methods.

Her experience ranges from inclusive schools as a tenured special education teacher in Greenwich, Conn., to a self-contained day-treatment program for students with severe disabilities in Schenectady, NY. In 2013, she founded and still directs Stepping Stones Center (SSC) in Bangalore, India, which provides assessment and interventions based on principles and procedures of Applied Behavior Analysis (ABA) for children with autism and other developmental disabilities. SSC addresses skill acquisition, reduction of maladaptive behaviors and transition into general education settings. Services at SSC include early intervention, intensive interventions, occupational and speech therapies, and inclusive academic programs.

Currently, Iyer is adjunct faculty at the College of St. Elizabeth in Morristown, N.J., teaching graduate courses in ABA. She travels to India on a quarterly basis to supervise SSC activities, which includes research and program development in India in collaboration with Binghamton University. She is pursuing her doctorate in ABA from Chicago School of Professional Psychology. She lives with her husband and two daughters in New Jersey.
Binghamton University, in addition to awarding baccalaureate, master's and doctoral degrees for work completed at the University, looks outside itself to identify individuals who, by their accomplishments, represent what the University values and strives to instill in its graduates. It may be scholarly attainment, it may be artistic excellence, it may be a life of outstanding service. These are exceptional individuals in all fields of endeavor who serve as role models and inspirations for students and faculty alike. It is for these reasons that Binghamton University recognizes them with an honorary degree from the State University of New York: Doctor of Fine Arts, Doctor of Humane Letters, Doctor of Laws or Doctor of Science. In doing so, the University not only celebrates their achievements, but also claims them proudly as having a special relationship with Binghamton University.

Balakrishnan G. Iyer, MS ’00
DOCTOR OF SCIENCE

A clean-energy zealot who has led business development for global conglomerates and successfully steered startups from inception to exit, Balakrishnan “Balki” G. Iyer is currently co-founder and chief growth officer of Utopus Insights, a global energy analytics company.

He holds joint undergraduate and master’s degrees in mechanical engineering and science from the Birla Institute of Technology and Science (BITS), India; a master’s in industrial and systems engineering from Binghamton University; and an MBA from New York University Stern School of Business.

Iyer began his career at Schlumberger and has held several leadership positions with General Electric and Enel.

A prolific speaker at global conferences, he is passionate about the role of clean energy in changing the world and the role of education in empowering the people who can change the world. His business and entrepreneurial pursuits over the past decade have been guided by this passion. His energy business provided clean solar and wind power to thousands of people in India, replacing fossil fuels and diesel generators. Along with his wife, he co-founded Iyer Educational Institutions, staffed 95 percent by women, to provide inclusive learning opportunities for children with autism.

Iyer strongly believes in the power of mentoring. He is on the advisory group for INK, a platform that promotes inspiring ideas by game-changers. He served on the executive board for GE’s Asia Pacific American Forum to coach leaders.

He is a recipient of the prestigious ‘Outstanding 50 Asian Americans in Business’ award in 2018. He lives in New Jersey with his wife and two daughters.
Patricia A. Saunders ’65
DOCTOR OF HUMANE LETTERS

Dedicated to helping others, Patricia Saunders holds a bachelor’s degree in anthropology from Binghamton University and a master’s degree in social work from Catholic University of America. She is a member of the board of directors and the foundation board of the American Junior Golf Association (AJGA), and since 2000 has been a member of the board of Asphalt Green, currently serving as chair of its Community Programs Committee, providing programs including free swimming lessons to thousands of New York City children. She received the Spirit of Generosity Award from Asphalt Green in fall 2018 for her dedicated service.

Saunders has served as a board member of the Legal Aid Society, and was honored by the Association of Fundraising Professionals for her Legal Aid Society work. In 1999, she established the Francis X. Newman Research Endowment in English in honor of her brother, a longtime Binghamton University faculty member. Gifts from Saunders to Binghamton University total over $450,000 to date, and in 2005, the West Gym pool was renamed the Patricia A. Saunders ’65 Aquatics Center through a gift from her husband and sons.

Saunders was inaugurated into the SUNY 2001 Alumni Honor Roll for her long-standing support and volunteer service, and was honored with the Binghamton University Distinguished Alumni Award in 2010. She was presented with a Medal of Distinguished Service in 2017, in recognition of her volunteer contributions to the campus.

She resides in New York City with her husband, Paul. They have two grown sons: Paul Jr. and Michael.

Howard Unger ’82
DOCTOR OF HUMANE LETTERS

Alumnus and philanthropist Howard Unger is managing partner and founder of Saw Mill Capital, a private equity firm that acquires manufacturing, industrial and commercial service, and specialty distribution businesses.

He earned his bachelor’s degree in accounting from Binghamton University in 1982 and his MBA from the University of Chicago Booth School. After beginning his career at Citicorp, and subsequently founding Chase Capital, a unit of The Chase Manhattan Bank, he formed Saw Mill Capital in 1997.

The son of a Holocaust survivor, Unger was twice appointed to the United States Holocaust Memorial Council by President Barack Obama. He also serves on the Executive Committee, is national co-chair of the Holocaust Memorial Museum’s ‘Never Again: What You Do Matters’ $1 billion capital campaign and is chairman of the Audit Committee.

Unger is a member of the Binghamton University Foundation board, has served on the Binghamton University Foundation Investment Committee, and in 2015 was the University’s School of Management alumnus of the year. He provided the founding gift for the School of Management’s Deans’ Excellence Fund, supported a class in Judaic Studies on the Holocaust enriched by esteemed visiting lecturers, and endowed the Unger Family Scholarship awarded annually to four School of Management students.

Most recently, he made a major gift commitment to support Binghamton University’s new Innovation Lab and the SOM Dean’s Excellence Fund.

Unger has three children: Allison, Jason and Brian. He and his wife, Caryn Stoll Unger, live in Chappaqua, N.Y.
GRADUATE COMMENCEMENT CEREMONY

FRIDAY, MAY 17, 2019, 4 P.M.

PRELUDE
“Commemoration Overture” (2013), Robert Sheldon
“Chaconne,” from First Suite in E-Flat (1909), Gustav Holst

Outstanding MS Teaching Assistant in Electrical and Computer Engineering

Haifeng Wang
Excellence in Research in Industrial and Systems Engineering

Wei Yang
Excellence in Mechanical Engineering Research
Binghamton University opened its doors as Triple Cities College in 1946 to serve the needs of local veterans returning from service in World War II. Originally located in Endicott, five miles west of the present campus, the fledgling school was a branch of Syracuse University. Four years later, when the college was incorporated into the State University of New York, it was renamed Harpur College in honor of Robert Harpur, a Colonial teacher, patriot and pioneer, who devoted his later years to settling the area around Binghamton.

Until 1953, Harpur College was one of only two public liberal arts colleges in the state. In 1961, the campus was moved across the Susquehanna River to Vestal. Growing enrollment and a reputation for excellence soon led to the selection of Harpur College as one of four doctorate-granting university centers in the state system. In 1965, the campus was formally designated the State of New York at Binghamton. Binghamton University was adopted as its informal name in 1992.

Today, Binghamton University is known for the excellence of its students, faculty, staff and programs, and enrolls nearly 17,800 students in programs leading to bachelor’s, master’s and doctoral degrees. More than 14,000 students are undergraduates and more than 3,700 are graduate students. Its curriculum, founded on the liberal arts, has expanded to include selected professional and graduate programs, including the new Doctor of Pharmacy (PharmD) program launched in fall 2017.

The University offers more than 100 major degree programs across its six academic divisions and is recognized as the most selective and prestigious university in the SUNY system. College guides such as the Fiske Guide to Colleges have dubbed Binghamton a “premier public university in the Northeast.” Students actively take part in internships, education-abroad programs, honors programs, Division I athletics and many of the 450+ student organizations on campus. They enjoy attractive, comfortable living-and-learning residences, and they give faculty high marks for being approachable and inspirational.

Binghamton’s faculty and students come from more than 100 countries, bringing with them many different cultures and backgrounds and representing a wealth of ideas. It has an excellent research library, outstanding computer facilities, a superb performing arts center, a teaching greenhouse, a 190-acre Nature Preserve, an Events Center and more.

Binghamton is a highly regarded research university, yet, at the same time, is as accessible as a smaller school. Retention is well above national averages, and more undergraduates are admitted into nationally ranked, rigorous graduate programs than is the norm nationally for public research universities.
ACADEMIC REGALIA

The shapes, colors and trim of gowns, hoods and caps indicate the academic degree, the school granting the degree and the subject of study. The higher the degree, the more elaborate the costume. Gowns are distinguished by the shape of the sleeves. Bachelors’ gowns have pointed sleeves, masters’ have sleeves cut square at the back and doctors’ gowns also have velvet facing and three velvet bars on the sleeves that are either black or a color indicating the degree: dark blue for philosophy; light blue for education; golden yellow for science; pink for music; orange for engineering; brown for fine arts; white for arts, letters and humanities; and copper for economics.

Hoods are distinguished by length, lined with the official color(s) of the conferring institution and trimmed with a color indicating the subject in which the degree is granted. Blue and gold, the color of the State University of New York, are in the hoods of all those who will receive a doctorate today, including honorary degree recipients.

The cap or mortarboard is black, with a long tassel that may be black or the color appropriate to the subject. Only doctors’ caps may have a tassel of gold thread. It is customary for graduates to move tassels from right to left after degrees are conferred.
INTERNATIONAL FLAGS

Binghamton University attracts students and scholars from across New York state, the country and the world. The international flags that hang in the Events Center during Commencement ceremonies and at other venues on campus during the academic year represent the more than 100 nations our students hail from. Flown since Commencement 1997, these flags are an important visual reminder that Binghamton University’s strength lies in its people who represent a great variety of cultures, backgrounds and ideas.

THE UNIVERSITY MACE

A gift of the Class of 1993, the University mace represents the magisterial authority of the University as an institution of higher learning. Such symbols go far back into antiquity, their use proclaiming the power of the holder. Today, the mace stands for the pre-eminence of the world of knowledge.

Professor John Thomson of the Department of Art and Design undertook the commission by the Class of 1993 for the University mace. Nearly three feet long, it is made of hand-turned, polished walnut. The spherical head has two inset cast-bronze facets in the shape of medallions. One bears the seal of Binghamton University. The other carries a high-relief rendering of Pegasus, the flying horse of Greek mythology, which as a part of the seal symbolizes the University’s aspirations for its future.

Aondover A. Tarhule, *Dean, Graduate School*
ACCESSIBILITY SERVICES
If you or someone in your party is in need of accessibility services, visit our table on the Concourse of the Events Center near the entrance.

CAPTIONING
Similar to closed-captioning on television, our ceremonies will be transcribed. Real-time captioning will appear on the two overhead screens above the stage. Captioning will also be available with the online broadcast.

CEREMONY LENGTH
Each ceremony lasts approximately 90 minutes to two hours, depending on the number of graduates in each ceremony.

CONCESSIONS
Concessions are available when doors open and remain open throughout the ceremony. Food items are allowed to be taken to guest seats. Dispose of all trash at the nearest receptacle.

EMERGENCIES
Police and emergency medical staff are on site. An EMS station is located on the concourse level of the Events Center. If you need assistance, contact the closest usher. (Ushers can be identified by their volunteer name badges.)

In the event of a fire alarm, the building’s emergency horns and strobes will be activated. Guests should carefully exit the building through the nearest exit. Be aware that the closest exit may not be through the same doors through which you entered the building. Ushers will assist in the orderly evacuation of the building.

LISTING OF GRADUATES
Inclusion in the program does not constitute evidence of completion of degree or honors requirements. Graduate students who filed a spring 2019 Application for Degree with the University’s Student Records Office by March 27 are guaranteed to be in the program. Those filed after the deadline may or may not appear, depending on the date of submission.

LOST CHILD
In the event any children have been separated from their family, immediately notify the nearest Events Center staff member or police officer who will attend to the lost child. There is a booth on the main concourse next to the main entrance for lost children. Event staff members will be wearing a black polo and a name tag.

GRADUATE PROCESSION
Graduates will process into the event arena in two lines, by degree level and alphabetically by department.

PHONES
Guests are asked to silence cell phones for the duration of the ceremony. Your cooperation is appreciated.

PHOTOGRAPHY
So that all may enjoy the majesty and joy of the occasion, we ask guests to refrain from approaching the stage to take pictures during the ceremony. Photographers from Commencement Photos, Inc. will be photographing our graduates as they cross the stage. For information on how to order prints, visit www.commencementphotos.com.

RESTROOMS
Restrooms are located on the east and west sides of the Events Center concourse.

SEATING
Guests may remain seated during the processional. Stand to sing the national anthem. For purposes of decorum and the safety of all guests, we ask that the aisles remain clear during the ceremony. Guests are asked to remain seated until the platform party, faculty and graduates have recessed. Your cooperation is appreciated.

The concourse level is reserved for handicapped-accessible seating. The stage is reserved for the platform party, senior administrators and faculty.

SIGN LANGUAGE INTERPRETERS
Sign language interpreters will be visible on the west side of the stage. For best viewing of the interpreters, sit in section 116.

- **Apricot** (Nursing)
ALMA MATER

IN THE ROLLING HILLS OF BINGHAMTON

Words by Xin Engel, music by David Engel ’86, arrangement by Daniel Fabricius

In the rolling hills of Binghamton
’Neath everchanging skies
Where two gently flowing rivers meet,
We form our cherished ties.

Together we spend these years,
United in our aim.
Through our bold pursuit of excellence,
We proudly bear your name.

Chorus:
O Binghamton, we carry thee
With us for all our time
And through us individually
Forever may you shine.
