## MESSAGE FROM THE UNIVERSITY PRESIDENT

**G** **RADUATES, PARENTS AND FRIENDS:** Commencement is always the highlight of the academic year, especially for the students we are honoring, but also for their friends and family who supported them on their educational path. Faculty and staff, too, share in the excitement that Commencement inspires. All of us are delighted to be able to share in today's excitement, coming together in person with friends and family present.

Congratulations to the Class of 2022. The students we recognize today have risen above the challenges posed by two years of COVID, showing a capacity for resilience and perseverance that will serve them well in the future. In their time at Binghamton, they've had to master remote learning and have found new ways to maintain and build on the traditions of Binghamton University.

Our graduates have gained the knowledge and skills that their careers will demand of them, learning by doing. They have already experienced the thrill of discovery and the personal enrichment brought on by deep scholarship. They have proven themselves among their peers and professionals, winning challenging case competitions and earning prestigious grants, while bettering their communities through hands-on internships and practicums.

Outside the classroom, they have embraced their responsibilities as active members of the community. They've raised funds to combat deadly diseases, provided food for the hungry, taught younger students in local schools and traveled across the globe to work with and learn from their international peers. Our graduates have learned the practical, technical and professional skills that will enable success throughout their careers.

But, most important, Binghamton University has provided the foundation in the liberal arts that encourages both open-mindedness and critical thinking. Our campus has brought students together in a diverse and inclusive community, giving them the broad understandings and perspectives they will need to address the world's challenges. As scholars and engaged citizens, they are now ready to apply their talents "in the real world." I know that whatever the future holds for them, they leave Binghamton with a strong foundation for success.

So, let's applaud the achievements of a remarkable group of students and recognize the many faculty and staff who helped guide, mentor and challenge them. And most of all, let us celebrate the families and friends whose support was crucial in this most challenging year.

It has been a pleasure to witness the achievements of the Class of 2022. Graduates, thank you for choosing Binghamton University and I hope that you will remain engaged with your alma mater.

Sincerely,

**Harvey G. Stenger**

*President*

## MESSAGE FROM THE OFFICE OF ALUMNI ENGAGEMENT

On behalf of your Alumni Association, I congratulate you on graduating from Binghamton University. I'm incredibly proud of you and what you've accomplished. I hope you feel tremendous pride as well.

When you graduate today, you'll receive a great gift from the University: You automatically become a member of our Alumni Association. There is no membership form to complete or dues to pay and you'll be part of a great organization that's here for you in so many ways. We are a quickly growing network of more than 150,000 alumni, and you may be surprised to hear we have Binghamton grads in more than 100 countries around the world.

Wherever you go, you're an ambassador for Binghamton University. Proudly wear your Binghamton shirts and hats, and display your Binghamton gear at home and at work. Your Binghamton experience is a great conversation starter when you meet new people. Everyone knows someone who went to Binghamton. Among our many accomplished alumni are CEOs and senior managers at leading corporations, leaders in the financial and legal industries, renowned engineers, teachers, nurses, doctors, scientists, social workers and professionals of all kinds, as well as media personalities, movie stars and even a U.S. Congressman.

I encourage you to experience what our Binghamton network has to offer. Alumni want to help each other, so don't be shy about reaching out. Be sure to keep your information current in the online alumni directory. We can't keep you informed about our great programs and networking opportunities if we don't have your current information in our directory. Connect with us on social media and attend events in your area or on campus. When you receive an email from the Alumni Association, take a minute to read it and see what's happening so you don't miss out on something you might enjoy. Give back by serving as a mentor or volunteer. Come back to Binghamton for Homecoming Oct. 7-9, to get together with friends and see the latest changes on campus.

Your time as a student has concluded, but your relationship with your alma mater has not. It is meant to last for your entire lifetime. Visit [binghamton.edu/alumni](http://binghamton.edu/alumni) to learn more about what your Alumni Association offers.

Celebrate, enjoy and take it all in! You've worked hard for this moment. Know that your University wishes you all the success in the world.

# HONORARY DEGREES

## HONORARY DEGREES

 Binghamton University, in addition to awarding baccalaureate, master's and doctoral degrees for work completed at the University, looks outside itself to identify individuals who, by their accomplishments, represent what the University values and strives to instill in its graduates. It may be scholarly attainment, it may be artistic excellence, it may be a life of outstanding service. These are exceptional individuals in all fields of endeavor who serve as role models and inspirations for students and faculty alike. It is for these reasons that Binghamton University recognizes them with an honorary degree from the State University of New York: Doctor of Fine Arts, Doctor of Humane Letters, Doctor of Laws or Doctor of Science. In doing so, the University not only celebrates their achievements, but also claims them proudly as having a special relationship with Binghamton University.

### LEE H. PERLMAN '80

 ee H. Perlman received his bachelor's degree from Binghamton University in 1980 and his MBA from Cornell University in 1982.

From 1983 to 2020, he was the driving force behind and longtime president of GNYHA Ventures, Inc., the for-profit business arm of the Greater New York Hospital Association (GNYHA), where he oversaw a \$10 billion portfolio. He continues to serve as GNYHA's executive vice president, and as chief administrative and financial officer.

He founded the GNYHA Summer Enrichment Program, which has placed more than 300 diverse students in summer internships, and also founded the College Access and Leadership Program for low-income girls in partnership with the YWCA.

He devotes significant energy to non-profits and is chairman of LiveOnNY, New York's organ procurement organization; treasurer of The Actor's Fund; co-chair of the Berkshire Theatre Group in Pittsfield, Mass.; and vice chair and compliance officer of the American Theatre Wing. He serves on the board of the Ronald McDonald House of New York, UJA Federation of New York, and Commonpoint Queens.

He and his wife, Linda Riefberg '81, have two adult children, Shauna and Jake.

**JULIE BEARD '21** | *Certificate of Advanced Studies in Educational Leadership*

In the spring of 2020, just like the rest of the world, I was lost and confused. I was struggling with being locked in my home and frustrated with not knowing what my future held. These feelings of uncertainty led me to Binghamton University’s Certificate of Advanced Studies in Educational Leadership program. I knew that my 20 years of teaching experience had been wonderful, but I was ready to move toward my next step for career advancement. The Educational Leadership program was so much more than that.

It became a network of teacher leaders who were all struggling with the same uncertainty I was. Together we had conversations about how the pandemic could change public education and brainstormed ideas for change. We also figured out, together, how to make classes work on Zoom (which was a huge learning curve for all of

us). Even through conversations that only happened through our computers, friendships were made and deep learning occurred.

As an assistant principal, I have no doubt Binghamton University gave me the tools I need to be successful. This year has been a difficult year in public education, but I have a network of fellow leaders and Binghamton University professors who I can always go to for advice. Thank you for helping me get through the pandemic and making me feel like uncertain times have become a time for new opportunities.

To the Class of '22, congratulations to you! Don't forget to keep in touch with your network of classmates and professors when times become uncertain, and don't forget that uncertain times can become a time for new leadership opportunities.

Robert “Bob” Swan, operating partner at Andreessen Horowitz, was CEO of Intel from January 2019 to February 2021. Under his leadership, Intel made significant progress on its strategy to transform into a multi-architecture XPU company to capitalize on market shifts and extend its reach into fast-growing markets. He also played an instrumental role in reenergizing the company’s culture to drive better execution of its product and innovation roadmap, leaving the company in a stronger strategic and financial position.

Named interim CEO in June 2018, he joined Intel as CFO beginning October 2016 and led the global finance, mergers and acquisitions, investor relations, IT and corporate strategy organizations.

He was previously operating partner at General Atlantic LLC, a global growth equity investment firm. He was CFO of eBay Inc. for nine years including during the spin-off of PayPal in 2015. Earlier in his career, he served as CFO of Electronic Data Systems Corp. and TRW Inc., and as CFO, COO and CEO of Webvan Group Inc. He began his career at General Electric, holding several senior finance roles during his 15-year tenure.

Originally from Syracuse, N.Y., he earned his bachelor’s degree in business administration from the University at Buffalo and his MBA degree from Binghamton University. He serves on the board of directors at eBay and previously served on the board of Applied Materials. He is married and has two children.

## ABOUT BINGHAMTON UNIVERSITY

**B**inghamton University opened its doors as Triple Cities College in 1946 to serve the needs of local veterans returning from service in World War II. Originally located in Endicott, five miles west of the present campus, the fledgling school was a branch of Syracuse University. Four years later, when the college was incorporated into the State University of New York, it was renamed Harpur College in honor of Robert Harpur, a Colonial teacher, patriot and pioneer who devoted his later years to settling the area around Binghamton.

Until 1953, Harpur College was one of only two public liberal arts colleges in the state. In 1961, the campus was moved across the Susquehanna River to Vestal. Growing enrollment and a reputation for excellence soon led to the selection of Harpur College as one of four doctorate-granting university centers in the state system. In 1965, the campus was formally designated the State University of New York at Binghamton. Binghamton University was adopted as its informal name in 1992.

Today, Binghamton University is known for the excellence of its students, faculty, staff and programs, and enrolls more than 18,000 students in programs leading to bachelor's, master's and doctoral degrees. More than 14,000 students are undergraduates and more than 3,700 are graduate students. Its curriculum, founded on the liberal arts, has expanded to include selected

professional and graduate programs, including the Doctor of Pharmacy (PharmD) program launched in fall 2017.

The University offers more than 100 major degree programs across its academic divisions and is recognized as the most selective and prestigious university in the SUNY system. College guides such as the Fiske Guide to Colleges have dubbed Binghamton a “premier public university in the Northeast.” Students actively take part in internships, education-abroad programs, honors programs, Division I athletics and many of the 450+ student organizations on campus. They enjoy attractive, comfortable living-and-learning residences, and they give faculty high marks for being approachable and inspirational.

Binghamton's faculty and students come from more than 100 countries, bringing with them many different cultures and backgrounds and representing a wealth of ideas. It has an excellent research library, outstanding computer facilities, a superb performing arts center, a teaching greenhouse, a 190-acre Nature Preserve, an Events Center and more.

Binghamton is a highly regarded research university, yet, at the same time, is as accessible as a smaller school. Retention is well above national averages, and more undergraduates are admitted into nationally ranked, rigorous graduate programs than is the norm nationally for public research universities.

## ACADEMIC REGALIA

The shapes, colors and trim of gowns, hoods and caps indicate the academic degree, the school granting the degree and the subject of study. The higher the degree, the more elaborate the costume. Gowns are distinguished by the shape of the sleeves. Bachelors' gowns have pointed sleeves, masters' have sleeves cut square at the back and doctors' gowns also have velvet facing and three velvet bars on the sleeves that are either black or a color indicating the degree: dark blue for philosophy; light blue for education; golden yellow for science; pink for music; orange for engineering; brown for fine arts; white for arts, letters and humanities; olive green for pharmacy; and copper for economics.

Hoods are distinguished by length, lined with the official color(s) of the conferring institution and trimmed with a color indicating the subject in which the degree is granted. Blue and gold, the color of the State University of New York, are in the hoods of all those who will receive a doctorate today, including honorary degree recipients.

The cap or mortarboard is black, with a long tassel that may be black or the color appropriate to the subject. Only doctors' caps may have a tassel of gold thread. It is customary for graduates to move tassels from right to left after degrees are conferred.

## INTERNATIONAL FLAGS

**B**inghamton University attracts students and scholars from across New York state, the country and the world. The international flags that hang in the Events Center during Commencement ceremonies and at other venues on campus during the academic year represent the more than 100 nations our students hail from. Flown since Commencement

1997, these flags are an important visual reminder that Binghamton University's strength lies in its people who represent a great variety of cultures, backgrounds and ideas.

## THE UNIVERSITY MACE

**A** gift of the Class of 1993, the University mace represents the magisterial authority of the University as an institution of higher learning. Such symbols go far back into antiquity, their use proclaiming the power of the holder. Today, the mace stands for the pre-eminence of the world of knowledge.

Professor John Thomson of the Department of Art and Design undertook the commission by the Class of 1993 for the University mace. Nearly three feet long, it is made of hand-turned, polished walnut. The spherical head has two inset cast-bronze facets in the shape of medallions. One bears the seal of Binghamton University. The other carries a high-relief rendering of Pegasus, the flying horse of Greek mythology, which as a part of the seal symbolizes the University's aspirations for its future.

# GUEST INFORMATION

## ACCESSIBILITY SERVICES

If you or someone in your party is in need of accessibility services, visit our table on the concourse near the entrance of the Events Center.

## CAPTIONING

Similar to closed-captioning on television, our ceremonies will be transcribed. Real-time captioning will appear on the jumbotron. Captioning will also be available with the online broadcast.

## CEREMONY LENGTH

Each ceremony lasts approximately 90 minutes to two hours, depending on the number of graduates in the ceremony.

## EMERGENCIES

Police and emergency medical staff are on site. An EMS station is located on the concourse level of the Events Center. If you need assistance, contact the closest usher. (Ushers can be identified by their volunteer name badges.)

In the event of a fire alarm, the building's emergency horns and strobes will be activated. Guests should carefully exit the building through the nearest exit. Be aware that the closest exit may not be through the same doors through which you entered the building. Ushers will assist in the orderly evacuation of the building.

## LISTING OF GRADUATES

Inclusion in the program does not constitute evidence of completion of degree or honors requirements. Graduate students who filed an Application for Degree with the University's Student Records Office by March 23 are guaranteed to be in the program. Those filed after the deadline may not appear.

## LOST CHILD

In the event any children have been separated from their family, immediately notify the nearest Events Center staff member or police officer who will attend to the lost child. There is a table on the main concourse near the main entrance for lost children. Event staff members will be wearing a black polo with a white "B-logo" on the left lapel and a name tag.

## PHONES

Guests are asked to silence cell phones for the duration of the ceremony. Your cooperation is greatly appreciated.

## PHOTOGRAPHY

So that all may enjoy the majesty and joy of the occasion, we ask guests to refrain from approaching the stage to take pictures during the ceremony. Photographers from GradImages will be photographing our graduates as they cross the stage. For information on how to order prints, visit [www.binghamton.edu/commencement/students/photography.html](http://www.binghamton.edu/commencement/students/photography.html).

## RESTROOMS

Restrooms are located on the East and West sides of the Events Center concourse.

## SEATING

Guests may remain seated during the processional. Stand to sing the national anthem. For purposes of decorum and the safety of all guests, we ask that the aisles remain clear during the ceremony. Guests are asked to remain seated until the platform party, faculty and graduates have recessed. Your cooperation is appreciated.

The concourse level is reserved for handicapped-accessible seating. The stage is reserved for the platform party, senior administrators and faculty.

## SIGN LANGUAGE INTERPRETERS

Sign language interpreters will be visible on the West side of the stage. For best viewing of the interpreters, sit in section 101.

## IN THE ROLLING HILLS OF BINGHAMTON

*Words by Xin Engel, music by David Engel '86,  
arrangement by Daniel Fabricius*

In the rolling hills of Binghamton  
'Neath ever changing skies  
Where two gently flowing rivers meet,  
We form our cherished ties.

Together we spend these years,  
United in our aim.  
Through our bold pursuit of excellence,  
We proudly bear your name.

*Refrain:*

O Binghamton, we carry thee  
With us for all our time  
And through us individually  
Forever may you shine.
