

David J. Hubeny, MPA, CEM

Binghamton University

July 2000 - Present

Executive Director, Office of Emergency Management (Mar 2018 – Present)

- Provide strategic guidance and operational leadership for a comprehensive program of emergency preparedness, disaster planning, business continuity and organizational resilience.
- Maintain responsibility and strategic oversight for the University's Office of Environmental Health & Safety (EH&S), to include fire safety, laboratory safety, hazardous & biological waste management, occupational safety, code enforcement, and industrial hygiene.
- Maintain operational budgets in excess of \$700,000 annually.

Director of Emergency Management, New York State University Police (Sep 2011 – Mar 2018)

- Develop and shepherd a vision of emergency preparedness and organizational resiliency across the university.
- Manage operations and staff for a 24/7 emergency 911 communications dispatch center including the hiring, training, development and retention of highly qualified team members.
- Oversee an annual budget of approximately \$485,000 for the emergency management program and 911 communications dispatch center.

Emergency Manager New York State University Police (Jan 2006 – Sep 2011)

- Serve as a trusted advisor to the University's Senior Staff regarding emergency services and emergency management issues.
- Work collaboratively with partners and key stakeholders to optimize preparedness and continuity initiatives while striving to achieve the highest standards of excellence.
- Lead the university's Incident Management Team (IMT) and assume the role of Incident Commander during critical incidents.
- Maintain awareness of professional best practices and ensure organizational flexibility and adaptability to continuously improve operations.
- Coordinate continuity of operations plans for all areas of a major research university
- Organize, conduct and evaluate drills and exercises designed to test the capabilities of emergency responders and emergency management personnel, policies and procedures.
- Supervise the implementation of the National Incident Management System (NIMS).
- Serve as the Public Access Defibrillation (PAD) Program Coordinator (160 automatic external defibrillators).

Emergency Response / Training Coordinator, Environmental Health & Safety (Jun 2002 – Jan 2006)

- Establish a vision for emergency management practices within higher education setting.
- Develop and implement emergency management plans, policies, and procedures.
- Manage university wide implementation of the National Incident Command System (NIMS).
- Serve as the Public Access Defibrillation (PAD) Program Coordinator.
- Provide emergency response to fire, medical and chemical emergencies.
- Develop and implement campus wide occupational safety training programs mandated by US EPA, NYSDEC, PESH, US DOT, etc.
- Coordinate and manage the Bloodborne Pathogen Program, including the BBP Exposure Control Plan and documentation of Hepatitis B vaccinations.

Environmental Specialist, Environmental Health & Safety (Jul 2000 – Jun 2002)

- Served as acting "Hazardous Waste Manager" and "Chemical Hygiene Officer".
- Manage the Hazardous Waste and Universal Waste programs (Large Quantity Generator).
- Perform detailed inspections of ~250 laboratories twice a year.
- Assist with the coordination of the Resource Conservation and Recovery Act (RCRA) compliance program.

International Association of Emergency Managers University and College Caucus (IAEM UCC)

Vice Chair, October 2018 - Present

Secretary, November 2017 – October 2018

The IAEM-USA Universities & Colleges Caucus (UCC) represents emergency management issues surrounding college and university campuses. The caucus provides emergency managers from institutes of higher education a voice on a national and international scale to ensure their needs are being addressed by government and industry officials. This leadership position is one of three elected officers within the highly respected organization.

SUNY Chancellor’s Ebola Task Force Steering Committee

Chair – Emergency Management / EH&S / Police Specialty Group, October 2014 – January 2016

In support of NYS Governor Cuomo’s Ebola preparedness planning and to protect the students and campus communities, the Chancellor of the State University of New York established a system-wide Ebola working group to provide guidance and direction to all 64 SUNY campuses.

NY Rising Community Reconstruction Program

Committee Member, July 2013 – December 2015

Established by Governor Andrew Cuomo to provide rebuilding and revitalization assistance to communities severely damaged by Hurricanes Sandy and Irene and Tropical Storm Lee. The committee is tasked with identifying resilient and innovative reconstruction projects and other needed actions based on community-driven plans.

SUNY Chancellor's Task Force on Critical Incident Management

Task Force Member, May 2007 – 2008

In response to the 2007 violence at Virginia Tech, the SUNY Chancellor convened the task force and charged it to:

- Review current campus practices in the area of critical incident management, including crisis related decision making, emergency communications, lock down / shelter-in-place protocols, and training.
- Identify emergency management best practices in the State and nation.
- Review policies and procedures related to the identification of and services provided to individuals who potentially pose a risk to the campus community.
- Make recommendations, including resource needs, to the Chancellor to further improve campus safety.

Certified Emergency Manager (CEM®), 2008 – Present

“A Certified Emergency Manager is an individual who possess the knowledge, skills and abilities to effectively manage a comprehensive disaster / emergency management program. That program can be in, but not limited to, government, business and industry, military, health care facilities or educational institutions.” –International Association of Emergency Managers
