### FIELDS OF INTEREST

Primary Field: Applied Econometrics and Forecasting, National Income and Product Accounts, Energy Economics, Economics of Higher Education

Secondary Fields: Demand for Factors of Production, Capital Investment, Productivity and Macroeconomic Policy, Business Development

### DEGREES

PhD	Economics	Northwestern University, 1981
MBA	Finance	University of Chicago, 1964
B.S.	Chemical Engineering	Illinois Institute of Technology, 1957

### SCHOLARLY EXPERIENCE

State University of New York at Binghamton, Chairman, Department of Economics 1997-  
Professor of Economics, Department of Economics 1998-  
Associate Professor of Economics, Department of Economics 1989-1997  
Associate Professor of Finance, School of Management, 1989-1996

National Academy of Sciences, Study Director - Integrated Environmental and Economic Accounts Panel 1996-1999

Cornell University  
Adjunct Faculty, Department of Agricultural and Natural Resource Economics, 1995 -  
Visiting Fellow, 1989 - 1990

State University of New York at Binghamton  
Assistant Professor of Economics, Department of Economics and  
Assistant Professor of Finance, School of Management, 1980 - 1989

American Statistical Association/Bureau of the Census, Washington, D.C., Research Fellow, 1984 - 1986

Adjunct Lecturer in Economics at Roosevelt University, DePaul University, Northwestern University, Loyola University, Barat College, and Kendall College, various years up to 1979

### ACADEMIC ADMINISTRATIVE EXPERIENCE

Binghamton University, Department of Economics, Chairman, 1997-  
Findlay College, Vice President for Business Affairs and Treasurer, 1974-1975  
College of Racine, Vice President of Finance and Administration, and Treasurer, 1972-1973

## **PUBLICATIONS**

Report of the Panel on Integrated Environmental and Economic Accounts, Natures' Numbers: Expanding our National Economic Accounts to Include the Environment, National Academy of Science Report, National Academy Press, Washington, D.C. (Study Director and co-author of the report with W. D. Nordhaus et. al.), 1999.

Chapter Three of Natures' Numbers, "Accounting for Subsoil Mineral Resources," reprinted in Survey of Current Business, February 2000.

"The Impact of A Shopping Mall on Housing Values: An Empirical Analysis of The Town Square Mall in Vestal, New York," in Proceedings of the Business and Economic Statistics Section of the American Statistical Association, August, 1996, (with John A. Keil).

"Infrastructure and Productivity," in Proceedings of the Business and Economic Statistics Section of the American Statistical Association, August 1993, (with P. Voldman).

"U.S. Nuclear Power Plant Production Functions," in Proceedings of the International Conference on Establishment Surveys, June 1993.

"Oil Shocks and the Demand for Electricity," The Energy Journal, V14, 2, 1993 (with Tim Mount).

"Measuring Total Factor Productivity, Technical Change and the Rate of Returns to Research and Development," Journal of Productivity Analysis, February, 1992 (with Sang V. Nguyen).

"Technology Trends in Econometric Models: Ignorance or Information," in Proceedings of the International Association for Energy Economics, 13th Annual North American Conference, November 18-20, 1991, (with Gale Boyd and Marc Ross).

"Industrial Technology," in Limiting Net Greenhouse Gas Emissions in the United States, Vol. 1, Energy Technologies, (with G. Boyd, et. al.), ed. by Richard A. Bradley, et. al., U.S. Department of Energy, September 1991.

"Tax Policy and Business Fixed Investment During the Reagan Era," in The Economic Legacy of the Reagan Years: Euphoria or Chaos?, (with C.W. Bischoff and R. Terregrossa), ed. by Anandi P. Sahu and Ronald L. Tracy, Praeger: New York, 1991.

"Measuring Plant Capacity Utilization and Technical Change: A Non- Parametric Approach," International Economic Review, August 1989, (with R. Fare and S. Grosskopf).

"Modeling Technical Progress and Productivity: A Plant Level Example," Journal of Productivity Analysis, Spring 1989, (with S. V. Nguyen).

"An Economic Investigation Into the Determinants of CEO Compensation," Forefronts, 3, December, 1988.

"Capacity Utilization and Depreciation-In-Use," Applied Economics, August, 1987, (with C. W. Bischoff).

"Forecasting Comparison of Three Flexible Functional Cost Forms," Proceedings of the Business and Economic Statistics Section of the American Statistical Association, August, 1987, (with W. V. Nguyen).

“Estimating Manufacturing Cost Relationships in the Flat Glass Industry,” April 1987.

“Comparing Factor Demand Models,” February 1987.

“An Econometric Analysis of Establishment Level Data Using the Translog Cost Function,” July, 1986.

The Demand for Capital and Labor and Their Utilization Rates in Post World War II U.S. Manufacturing, NTIS, June, 1981, (Dissertation).

## **OUTSIDE GRANTS, SCHOLARSHIPS AND FELLOWSHIPS AWARDED**

National Research Council Grant 1996-1998

University of Arizona and National Science Foundation Grant Laboratory Experiments for Undergraduate Instruction in Economics, October 1993

Federal Reserve Bank of New York Central Banking Seminar Grant, January 1992

Institute of Mathematical Statistics Travel Award, 1990

Visiting Fellowship, Department of Agricultural Economics, Cornell University, 1989 - 1990

Argonne National Laboratories Computer Grant, Spring 1990

National Bureau of Economic Research Travel Award for 1987 Spring Productivity Conference, March 1987  
American Statistical Association, Travel Award, Spring 1987  
Cornell Theory Center, Super Computer Visitor Program Award, Spring 1987 and Summer 1987  
National Science Foundation, Office of Advanced Scientific Computing Grant, 1986 - 1991  
National Science Foundation Grant, 1984 - 87  
Fellow, American Statistical Association/NSF/Census, 1984 - 86  
University of Chicago/General Electric Foundation Scholarship for the 1983 Program for Teachers of Economics  
Doctoral Dissertation Grant, U.S. Department of Labor, Employment and Training Administration, 1979 - 80

### **INTERNAL GRANTS**

UUP Curriculum Development Award, 1998  
Binghamton University Undergraduate Curriculum Development Award 1996  
Harpur Faculty Development Award, fall 1993  
UUP Experienced Faculty Travel Award, Fall 1993.  
School of Management Summer Research Award, summer 1993  
SUNY Research Opportunity Award for Travel to Cornell Super Computer Visitor's Program, 1987  
SUNY Research Opportunity Award for Continuing Education in Econometrics, 1987  
UUP Experienced Faculty Grant, 1987  
School of Management Research Semester Award, spring 1987  
University of New York Award Program Grant, 1983  
SUNY Provost Research Grant, 1982  
  
SUNY Curriculum Development Grant, 1981  
SUNY Foundation Fellowship, School of Management, 1981

### **EDITORIAL AND REFEREE WORK**

"Forecasting the Demand for Electricity," (with T. Mount) Regional Institute for Economic Planning of Tuscany (IRPET), May, 1990.

### **PROFESSIONAL SOCIETY POSITIONS:**

Chairman (1992) The Committee on Energy Statistics of the American Statistical Association.

Member (1987-1992) The Committee on Energy Statistics of The American Statistical Association.

### **PROFESSIONAL MEETINGS**

#### PAPERS PRESENTED

"Class Size and Student Performance," (with M. Dillon and Y. Zhu), Southern Economics Association, 2000

"Stochastic Production Frontiers: A Bayesian Analysis of Nuclear Power Plant Efficiencies," (with J. van den Broeck), Southern Economics Association, 1997.

"The Impact of a Shopping Mall on Housing Prices," (with John Keil) Southern Economics Association, 1996 and Union College, 1997.

"The Impact of a Shopping Mall on Housing Prices," (with John Keil), American Statistical Association, August, 1996.  
"Capacity Utilization Rates at the Plant Level," (with M. Niefer) Southern Economic Association, November, 1995.

"Modeling the Demand for Public Infrastructure," Southern Economic Association, November 1994.

"Infrastructure and Productivity," (with P. Voldman) American Statistical Association, August 1993.

"Nuclear Power Plant Production Functions," International Conference on Establishment Surveys, June 1993.

"Oil Shocks and the Demand for Electricity," (with T. Mount), Biannual Conference on Current Issues in Productivity, December 1991.

"Tax Policy and Business Fixed Investment During the Reagan Era," (with C.W. Bischoff and R. Terregrossa), Conference on The Economic Legacy of the Reagan Years, June 1989.

"The Stock of Research and Development Knowledge and Total Factor Productivity Growth," (with S.V. Nguyen), Invited Paper, American Economic Association, December 1987.

"Modeling Technical Progress and Total Factor Productivity," (with S. V. Nguyen), Invited Paper, Conference on Current Issues in Productivity, December 1987.

"The Use of the Super Computer to Deal with Large Data Sets in Econometric Research," Invited Paper, IBM Corporate Technical Education Institute, October 1987.

"A Forecasting Comparison of Three Flexible Functional Cost Forms," (with S.V. Nguyen), Invited Paper, American Statistical Association, August 1987.

"Expectations and Factor Demand," (with C.W. Bischoff) The First World Congress of the Bernoulli Society, Tashkent, U.S.S.R., September 1986. (in absentia).

"The American Statistical Association Bureau of the Census Fellowship Program," National Science Foundation Review Program, June 1986.

"The Estimation of a Factor Demand Model Using Census Bureau Establishment Level Data," (with A. Hall), Invited Paper Session, American Statistical Association, August 1985.

"Expectations and Factor Demand," (with C.W. Bischoff) The Fifth World Congress of The Econometric Society, August 1985. Invited paper.

"A Comparison of Factor Demand Models" Southern Economic Association Meeting, November 1984.

"Do Unions Promote Low Turnover Rates, or Do Low Turnover Rates Promote Unionization?" (with D.R. Sockell) Southern Economic Association Meeting, 1982.

"Empirical Analysis of Dynamic Adjustment Models of Interrelated Factor Demand in the Regulated Firm," (with J.P. Choi) Southern Economic Association Meeting, 1982.

"Energy Stringency and the Productivity Slowdown," (with C.W. Bischoff) Econometric Society, 1981.

"Factor Demand Under Uncertainty," Southern Economic Association Meeting, 1981.

"Factor Demand Systems," Western Economic Association Meeting, 1981.

#### ORGANIZER-CHAIR

Econometric Studies, Southern Economic Association Meeting, 2000

Methods and Case Studies in Econometrics, American Statistical Association, August 1996, Chair.

Tests of Nonlinearity and Normality, Contributed Paper Session, American Statistical Association, August 1993, Chair.

Uncertainty in Complex Models: The National Energy Modeling System, Featured Invited Paper Session, American Statistical Association, August 1993, Organizer and Chair.

The Quality of Energy Data, Featured Invited Paper Session, American Statistical Association, August, 1991 - Organizer.

The Quality and Nature of Energy Demand Models, Invited Paper Session, American Statistical Association, August, 1991, - Organizer and Chair.

Issues in Econometrics, Contributed Paper Session, American Statistical Association, 1989 Meetings - Chair.

Microeconomic Data: Can We Use It Now That We Have It?, Invited Paper Session, American Economic Association, December, 1987 - Organizer.

Econometric Models of Cost and Production Function: Some Comparisons, Invited Paper Session, American Statistical Association, 1987 meetings - Organizer.

Further Considerations of Econometric Models of Cost and Production Function, Contributed Paper Session, American Statistical Association, 1987 Meetings, - Organizer and Chair.

Modeling and Stimulation, Contributed Paper Session, American Statistical Association, August, 1986, Chair.

Production and Cost Analysis, Contributed Paper Session, American Statistical Association, August, 1985 - Chair.

#### DISCUSSANT

Applied Econometric Study of Banking, Southern Economic Association Meeting, 2000.

Panel Discussant, Two Papers on Cointegration, Southern Economics Association Meeting, November, 1997.

Discussant, Two Papers on Savings, North American Financial Economics Meeting, January 1995.

Discussant, Energy Information Administration/American Statistical Association, Committee on Energy Statistics, 1991, "Forecasting Standard Error in Forecasts of the Price of Gasoline," by Robert Trost and Fredrick Joust.

Discussant, Energy Information Administration/American Statistical Association, Committee on Energy Statistics, 1990, Experimental Economic Analysis of Emission Permits, by D.R. Hale.

Discussant, The Economics of Nuclear Power. American Economic Association Meetings, 1990

Discussant, Energy Information Administration/American Statistical Association. Committee on Energy Statistics, 1989. Changes in U.S. Nuclear Power Plant Capacity Factors, by Rodger A. Diedrich.

Discussant, Energy Information Administration/American Statistical Association; Committee on Energy Statistics, 1988. An Analysis of Nuclear Power Plant Operating Costs, by James G. Hewlett.

Discussant, Energy Information Administration/American Statistical Association. Committee on Energy Statistics, 1987, Burden Reduction in the Financial Reporting System, by J. A. Rasmussen.

NBER Productivity Meeting, 1987.

Round Table Discussant, Conference on Current Issues in Productivity, 1985, Analysis of Intertemporal Efficiency.

Discussant, Southern Economic Association meeting, 1984, Quality Variation Under Price Controls by Sung Jee Jua.

Participant, Economic Data Review Conference sponsored by the Bureau of the Census and NSF, 1984.

Round Table discussant, Fifth Annual Conference on Current Issues in Productivity, 1983.

Discussant, Econometric Society Summer Meeting, 1983. Definition and Measurement of Technical Efficiency Under Stochastic Production by J. Antel; and Preference Interdependence and Demand Analysis by Aria Karteyn, et. al.

Panel Discussant at an invited session, Southern Economic Association Meeting, 1982. New Developments in Productivity Analysis.

Discussant, Western Economic Association, 1981, Economic Dynamics by Drabicki and Takayama.

Discussant, Southern Economic Association, 1981, Life-Cycle, Model of Retirement Decisions by H. Schlesinger.
