COVID-19 Remote/Online Attestation Form

This form is required for students requesting exemption from the COVID-19 vaccination requirement due to their status as fully remote or fully online students. It should be submitted via upload to the student health portal: https://binghamton.medicatconnect.com/. The student will be notified of the approval or denial of the request via the Secure Messaging function of the student health portal.

1. I am the person named below who attends Binghamton University (the State University of New York at Binghamton).

2. I understand that all Binghamton students who access campus facilities in person are to be fully vaccinated before the start of the fall 2021 term (Aug. 24, 2021), with limited exceptions. While this requirement will not take full effect until at least one COVID-19 vaccination receives full FDA approval, all students are advised that Binghamton will require full compliance with this general policy requiring student vaccinations at the earliest possible date following full FDA approval.

3. My signature below indicates that I am requesting an exemption from this requirement beginning on the date this form is signed, and that I attest I will not have a physical presence at any Binghamton University owned facilities, including for the purpose of using on-campus services, for the duration of the 2021 fall semester.

4. Furthermore, I attest that if I must have an in-person presence at any Binghamton University owned facility after signing this form, that I will submit proof of COVID-19 vaccination to the Decker Student Health Services Center, and receive confirmation of the validation of my vaccine information through the Secure Messaging function of the student health portal, prior to my arrival.

5. I have read and understand the foregoing statement and sign it with full knowledge of its meaning and content.
