

Choosing an Effective Date in Retirement@Work NY State Administration Payroll Calendar

When you make changes to your SUNY Voluntary Savings Plan contribution amount in the Retirement@Work system (www.retirementatwork.org/suny), you'll be asked to choose an Effective Date, which can either be your "First Available Paycheck" or a specific "Future Date" set by you – as illustrated in the image below.

Note: This is not applicable to the NYS Deferred Compensation Plan (NYSDCP) (457b) contributions.

The SUNY Voluntary 403(b) (TDA Plan) permits both Traditional (pretax) and/or Roth (after-tax) contributions. The total annual contributions combined cannot exceed the 2020 Maximum Contribution Limit.

2020 Maximum Contribution Limit:

Individuals under age 50: \$19,500
Individuals turning 50 or older: \$26,000

Example: You decide on March 1, 2020, that you want to start a 403(b) deferral as soon as possible and contribute the maximum amount allowed by the IRS (\$19,500 in 2020 for persons under age 50) for the year. In order to do so, you would have to enter a biweekly contribution amount of \$928.57 (maximum contribution of \$19,500 divided by 21, which is the number of remaining checks in 2020) no later than March 4, 2020, in order for that deduction to take effect in the next available check date of March 18, 2020. [Please note; Any year-to-date contributions to a 403(b) or (other employer 401(k) Plans) would reduce your remaining 2020 annual total aggregated IRS limit.]
