Dear Member,

Our enrollment records indicate that you have a dependent child enrolled who is age 19 or over. Coverage for this dependent may be continued up to his/her 25th birthday if a full-time student. Proof of student status is required annually. Coverage terminates three months from the end of the month in which the student completes graduation requirements.

To qualify for continued coverage, the dependent must be a full-time student enrolled for at least 12 undergraduate or 6 graduate credit hours in an accredited college or university. The credits must be in a college degree program. The dependent must be working towards a formal degree such as Bachelor of Arts (BA), Bachelor of Science (BS), Masters of Arts (MA), Master of Science (MS), Associates Arts Degree (AA, AS), etc. Full-time high school students also qualify. Technical courses for a short duration do not meet this requirement.

Please have the reverse side of this form completed by the registrar or obtain supporting documentation of full-time status, such as a letter from the registrar, current semester schedule or transcript and attach it to this form. Pre-registration statements, acceptance letters and tuition bills cannot be accepted.

Note: The school may require a waiver to be signed by the student in order to release certain information.

This form is used only to update/validate the CSEA EBF dependent student eligibility file. Your Health Insurance carrier may require different or additional evidence of dependent student enrollment.

Thank you for your cooperation.
