JUDAIC STUDIES PROGRAM TO PURCHASE 19TH CENTURY GERMAN-JEWISH PERIODICALS

SUNY-Binghamton's Judaic Studies Program has met a matching grant challenge from the Binghamton Lodge of B'nai B'rith that will enable it to purchase a series of German-Jewish Periodicals dating to the 19th and early 20th centuries.

The challenge, declared by the Lodge earlier this year, was to raise \$3600 to match a Lodge grant of \$1800 toward the purchase of the periodicals. The total goal of \$5400 was reached through donations from the Lucius N. Littauer Foundation, the Blinken Foundation and the Rose and Jacob Olum Foundation.

The addition of the authentic literature is considered to be significant for the University's Judaic Studies Program.
