

IASH Fellows Speaker Series - Fall 2017

September 13, 2017 IASH Fellows' Speaker Series:

Presented by: Courtney Miller, (Philosophy)

“ The Social Location of the Victim/Survivor of Sexual Assault.”

Abstract: Victims/Survivors of sexual assault are not understood as occupying a unique social location. Instead, their experiences are typically explained with reference to categories such as gender, class, and race. In this chapter, I argue that victims/survivors of sexual assault occupy a social location that is distinct from other social positions.
