Join Dr. Edmund Lee as he discusses how to successfully prepare and apply to medical school.

Sunday, Nov. 8, 2015
7:00 p.m.
Lecture Hall 2

Refreshments provided.

Dr. Edmund Lee ’80 was raised in Brooklyn and attended Stuyvesant High School. Lee earned his bachelor’s degree in biochemistry from Harpur College and his PhD in Pharmacology at Rutgers University. He continued with post-doctoral fellowships in cancer research at the National Cancer Institute in Bethesda and M.I.T. in Cambridge, Mass. Lee obtained his medical degree from Harvard Medical School.

Lee interned with Internal Medicine at Rhode Island Hospital, Brown University and completed his residency in Dermatology at New York Hospital, Cornell University. He became a Clinical Scholar doing translational biomedical research on psoriasis at The Rockefeller University. Lee is now in private practice at Mt. Sinai Medical Center’s North Shore Medical Group in Huntington, N.Y. on Long Island.

Lee is married with two children. He enjoys playing ice hockey on weekends and played on the Binghamton club ice hockey team through college. Two of Lee’s nephews are currently attending Binghamton University.
