

Curriculum Vitae

February 2020

Name: ELENA VARLINSKAYA

Address: Department of Psychology and
Center for Development and Behavioral Neuroscience
Binghamton University Box 6000
State University of New York
Binghamton, New York 13902-6000
(607) 777-7164
FAX: 777-6418
e-Mail: varlinsk@binghamton.edu

Education:

- 1977 First Pavlov State Medical University Faculty of Therapeutics
St. Petersburg, Russia (US equivalent: M.D.)
- 1983 Institute for Experimental Medical Candidate of Science Degree
Research, Russian Academy of (US. equivalent: Ph.D.)
Medical Sciences
St. Petersburg, Russia

Employment History:

- 2004-present Research Professor, Center for Development and Behavioral
Neuroscience Binghamton University, Binghamton, NY
- 1999-2004 Research Associate Professor, Center for Developmental
Psychobiology, Binghamton University, Binghamton, NY
- 1994-1999 Research Scientist, Center for Developmental Psychobiology,
Binghamton University, Binghamton, NY
- 1988 Major Research Scientist, Pavlovian Physiological Department
Institute for Experimental Medical Research, St. Petersburg, Russia
- 1982 Research Scientist, Pavlovian Physiological Department
Institute for Experimental Medical Research, St. Petersburg, Russia
- 1979 Ph.D. Student, Pavlovian Physiological Department

Institute for Experimental Medical Research, St. Petersburg, Russia

1977 Research Associate, Pavlovian Physiological Department
Institute for Experimental Medical Research, St. Petersburg, Russia

Honors and Awards:

1981 Outstanding Junior Scientist Award, Institute for Experimental Medical Research, St. Petersburg, Russia

1983 Outstanding Junior Scientist Award, Institute for Experimental Medical Research, St. Petersburg, Russia

1985 Outstanding Junior Scientist Award, Institute for Experimental Medical Research, St. Petersburg, Russia

1993 Visiting Scientist, Center for Developmental Psychobiology, Binghamton University

1994/97 Visiting Scientist, Laboratory for Perinatal Neuroethology, Department of Psychology, Binghamton University

Other Professional Activities:

Member, International Society for Neuroscience

Member, New York Academy of Sciences

Member, Research Society on Alcoholism

Member, International Society for Biomedical Research on Alcoholism

Ad hoc reviewer for

Alcohol

Alcoholism: Clinical and Experimental Research

Behavioral Brain Research

Developmental Brain Research

Child Development

Life Sciences

Neurotoxicology and Teratology

Pharmacology, Biochemistry and Behavior

Physiology and Behavior

PLOS One

Psychopharmacology

**Scientific Projects Financed by Russian Academy of Medical Sciences,
Principal Investigator:**

Endogenous neuropeptides in central regulation of the motor function. 1986-1987.

Individual social experience and emotional behavior. 1988-1989.

Regulation of aggressive and social interactions in rats: role of left and right frontal cortex . 1990-1992.

Research Grants:

Ongoing:

1P50AA017823 Deak, T (PI) 09/01/2019 – 08/31/2024
NIAAA

Developmental Exposure Alcohol Research Center

The Developmental Exposure Research Center (DEARC) is an interdisciplinary center uniting behavioral and biomedical researches at Binghamton University, SUNY-Upstate Medical Center, and other institutions in upstate New York for the conduct and promotion of research involving fetal/adolescent alcohol exposures.

Role: Co-Investigator Project 4

U01AA019972 – NADIA project Spear, LP (PI) 09/01/2015 – 08/31/2020
NIAAA

Impact of adolescent intermittent ethanol on adult social reward and anxiety

The work outlined in this proposal investigates the consequences of voluntary and experimenter-administered alcohol on later social anxiety and reward, the efficacy of alcohol for countering these lasting perturbations in social behavior, and the impact on later voluntary intake of ethanol.

Role: Co-Investigator

R01 AG043467 Deak, T. (PI) 05/15/2014-05/14/2020
NIH/NIA

Neuroinflammation and social behavior across the lifespan.

This proposal will examine the role of aging-related increases in brain inflammation, accompanied by a decline in gonadal steroids and their impact on social behavior in aged rats.

Role: Co-investigator

Pending

R21 Diaz MR (PI)

NIAAA

Impact of Prenatal Ethanol on BLA Synaptic Plasticity

The goal of this study is to determine the long-term impact of prenatal alcohol exposure on medial prefrontal cortical-to-basolateral amygdala synapses and the modulatory role of the dynorphin/kappa opioid receptor system at these synapses.

Role: Co-investigator

Completed:

P50 AA017823 Deak, T (PI)

09/01/2014 – 08/31/2019

NIAAA

Developmental Exposure Alcohol Research Center

Role: PI Main Project 5

R01 AA/HD13098 Spear, NE (PI)

02/01/2002-01/31/2007

NIAAA/NICHD

Ethanol Intake and Reinforcement in Infant Rats

Role: Co-Investigator

R01 DA019071 Spear, LP (PI)

09/30/2004 – 08/31/2009

NIDA

Adolescence: Natural Incentives, Motivation, and Affect

Role: Co-Investigator

R01 AA15992 Spear, NE (PI)

08/01/2006 – 07/31/2011

NIAAA

Ontogeny of Response to Ethanol after Prenatal Ethanol

R01 AA017355 Spear, LP (PI)

09/30/2007 – 09/29/2012

NIAAA

Adolescence, Puberty and Sex Differences: Ethanol Intake, Sensitivity and Stress.

Role: Co-investigator

R01 AA012453 Varlinskaya, EI (PI)

02/01/2002 – 03/31/2013

NIAAA

Ethanol and Social Interactions in Adolescent Rats.

Adolescence, Puberty and Sex Differences: Ethanol Intake, Sensitivity and Stress.

Role: PI

R01 AA016887 Spear, LP (PI)

02/15/2007 – 02/15/2012

NIAAA

Ethanol-induced Social Facilitation in Adolescence: Social and Ethanol Reward.

Role: Co-PI

R01 AA017355 Spear, LP (PI)

09/30/2007 – 09/29/2013

NIAAA

Adolescence, Puberty and Sex Differences: Ethanol Intake, Sensitivity and Stress.

Role: Co-investigator

R01 AA018026 Spear, LP (PI)

09/30/08-08/31/2015

NIAAA

Acute and Chronic Tolerance to Ethanol in Adolescence: Impact on Consumption.

Role: Co-PI
