We are pleased you’ve chosen to visit Binghamton University. We appreciate your cooperation with the Occupational Health and Safety Program of Laboratory Animal Resources and hope that you find your visit at Binghamton University enjoyable and rewarding.

If you are working in the animal facility, please complete and submit:
- Visitor Health Questionnaire
- History of Education and Training Form

**To avoid delay with your proposed visit or studies, submit these forms one week prior to your arrival at the University.**

If are planning just a one-time visit and will not work with animals, you may opt to complete a waiver form:
- Visitor Waiver

Return forms to: Tracy Zeller
Binghamton University-LAR
P.O. Box 6000
Binghamton, NY 13902-6000

After review of your Visitor Health Questionnaire, you will be notified by a health care professional if:
- Additional health screening information is needed
- Recommendations are indicated

For questions concerning the completion of your Visitor Health Questionnaire or if educational training requirements are incomplete contact:

Tracy Zeller
