• **Video Data Bank & Electronic Arts Intermix
institutional trial**

Binghamton University faculty and students will have access to educational video streaming services from Video Data Bank and Electronic Arts Intermix for use in teaching and research on campus. The purpose of this trial is to assess each platform's educational streaming offerings so that we can determine if there is a demonstrated cross-departmental desire for an institutional license.

Detailed instructions are available [here](#).

- **Artist Grant Navigation**

Anna Warfield, The Community Foundation for South Central New York's Arts & Culture Fund, and the Tioga Arts Council will help you unlock your grant-writing potential this fall with Artist Grant Navigation, a free program designed for artists living or working in Broome or Tioga County. They will offer hands-on workshops, info sessions, and one-on-one support to strengthen your applications and build lasting connections in the arts community. The Fall 2025 Artist Grant Navigation lineup includes Intro to Artist Grants, Artist Statement Writing Workshop, Finding & Assessing the Grant, and Grants with Budgets.
