Non-Management electives may be chosen from any subject area other than business/management. Liberal arts (Harpur College) coursework typically makes up the majority of these credits, but Computer Science (CS) or other non-liberal arts courses are acceptable.

Students must take two writing emphasis (C or J) courses to fulfill the writing requirement. One of these will also satisfy the GenEd Language & Communications requirement. "J" courses also fulfill the GenEd "O" requirement.

\* SOM students may register for Math 147, Math 148, Econ 366 or Psych 243 in place of the recommended CQS 112 to satisfy the statistics requirement, **but may not take more than one of these 4 statistics courses towards the degree**. CQS 112 should only be taken after CQS 111 is completed.

\*\* Students may optionally elect to take a second concentration or may fill the Free Elective requirements with courses from the other schools at Binghamton (non-management electives). This latter option may facilitate completion of a minor or allow the student to augment an SOM major with related coursework from other schools.

**General Education requirements may be taken in any sequence. The GenEd sequence shown above is just one example.**
