Goals stated by the Deputy Commissioner for NYSED’s ACCES include the following education/employment priorities relevant to students with disabilities in postsecondary education:

- Encourage full participation of adults with disabilities in all of the Department’s programs and opportunities and promote access to ensure individuals with disabilities are empowered to maximize employment, economic self-sufficiency, independence, inclusion and integration into the community;
- Enhance postsecondary transitions by developing the capacity of individuals to engage in postsecondary education leading to high-quality employment opportunities;

Services available to eligible college or university students may include:

**VOCATIONAL ASSESSMENT AND COUNSELING**

**DIAGNOSTIC TESTING**
- To supplement existing disability documentation
- To assess current strengths, limitations, interests, and aptitudes

**FINANCIAL SUPPORT**
- College Tuition Assistance
- Vouchers for books and supplies
- Institutional reimbursement for academic support services (note takers, readers, sign language interpreters)

**ASSISTIVE TECHNOLOGY**
- Computer equipment and adaptations
- Digital recorders or assistive listening devices
- Wheelchair lifts and hand controls for vehicles
- Other technologies
