

Greetings Watson Students!

**We are EY**, a global leader in advisory services. Our culture has been recognized by the leading organizations in the Americas. Ernst & Young LLP has appeared on FORTUNE magazine's "100 Best Companies to Work For" list for 19 consecutive years and has been ranked **#1** in on the US Universum Undergrad Overall IDEAL™ Employer Survey at **Binghamton University**.

We are looking for students like **YOU** to join our teams. Our Technology Advisor Program (TAP) and Risk Advisor Program (RAP) offers professionals opportunities to serve diverse clients while being provided learning, experiences and coaching to develop core consulting skills. Our Advisory professionals assist our clients in areas such as:

- **Data and analytics**
- **Technology enablement and delivery**
- **IT transformation**
- **Information / Cyber security**
- **Risk assessments, risk metrics and reporting**
- **IT governance and effectiveness assessments**
- **IT process, risk and control framework design**

We are interested in students pursuing a bachelor's or masters in: MIS, Computer Science, Industrial and Systems Engineering, Information Systems, Information Technology, Computer Engineering or related technology disciplines.

If you are interested in our opportunities, we'd love to meet you! Please see our events below:
